Thanks! It sounds like both of you had a busy week—but glad the both of you took some time off!

Sounds good—I'm catching up on emails today but will work on addressing your comments thus far—thank you for taking a look!

Hi there! Welcome back! I was working on a fire drill to brief David Fotouhi on the NRC stuff Wed., and then I was out Thurs and Fri. So sadly, I'm only about halfway through. Valois is out until Thursday. So, nothing specific unless you want to trail me and start going through the parts I've reviewed already. It has been so crazy!

I haven't even had a chance to open it yet today. Sigh...

Hi Lucita and Valois, hope you had a nice week/end! I am back from staycation and will turn back to DB. I will work through the comments you flagged thus far, Lucita. Let me know if you have thoughts on any other to-dos.

Also, when you have a chance, please let me know what your thoughts are on the GHG /climate change and wildlife rationales—once I have your input I can incorporate these two categories of responses into the RTC document. Happy to set up a meeting to further discuss too.

Thanks!
